- **Automation & Data Processing:** Selenium (Web Automation, Google Forms Automation), Zapier (Email & Business Process Automation) BeautifulSoup (Web Scraping & Data Extraction)
- **Data Analysis & Visualization:** Pandas, NumPy, Matplotlib, Data Processing, Data Cleaning, Reporting & Analytics.
- **Frontend Development:** HTML5, CSS3, JavaScript, AJAX, jQuery, Responsive Web Design
- **Database Management:** MySQL, SQLite
- **Deployment & CMS:** WordPress Development & Customization, Git, GitHub
- **Productivity Tools:** Microsoft Office (Excel, Word, PowerPoint).

PROFESSIONAL EXPERIENCE

Gexton Inc | Education

December 2025 - Present

Laravel & PHP Backend Developer | Mentor

I am currently working as a Full Stack Web Developer at Gexton, working across software development and education domains.

- **Development:** My primary expertise lies in PHP and MySQL, where I build and manage robust web applications.
- **Government Collaborations:** I play an active role in projects partnered with the Government of Pakistan, specifically under the NAVTTC and PIPT (via Mehran University) initiatives.
- **Instruction & Mentorship:** I serve as a Web Technologies Instructor, training both private batches and students enrolled in government-funded scholarship programs.

APTECH Learning Institute

October 2024 – December 2025

Full-Stack Web Development Instructor

- **Development:** Delivered Full-Stack instruction (Frontend & Backend) with a focus on PHP and MySQL.
- **Project Mentorship:** Guided students in building and submitting live projects on time.
- **Academic Admin:** Managed SAR reports, attendance, and student performance records.
- **Communication:** Facilitated PTMs and addressed parent concerns regarding student progress.
- **Events:** **Delivered** technical seminars and organized campus-wide learning activities.

Delight Confectionary Factory

Jun 2023 – Aug 2023

Accounts Executive

- **Daily Operations:** Managed ledger entries, bilty slips, and daily billing calculations.
- **Invoicing:** Calculated bills and generated invoices for factory operations.
- **Reporting:** Prepared monthly E-Statements to ensure accurate financial tracking.

EDUCATION

Associate Degree in Science (ADS) | Govt. City College Hyderabad

Expected Graduation: 2029

The ADS is a 2-year undergraduate program in Pakistan, equivalent to a traditional B.Sc. **14 years of Education.** It provides a solid foundation in Mathematics and Physics, which are crucial for developing the logical and analytical skills required in software engineering.

- **Path:** Eligible for direct entry into 5th semester of BS program
- **Current Status:** Part 1 completed; currently progressing in Part 2

Intermediate in Computer Science (ICS) | Govt. City College | BISE Hyderabad

Completion: 2023

ACHIEVEMENTS

All certifications are available at the provided link.
